

CF18P

Large Filter area. 'Reverse Pulse' cleaning
Very compact. Top Results.

CLEAN-FLOW

Micronair
DUST CONTROL

The CF18P includes **ALL** the CLEAN-FLOW design features and advantages.

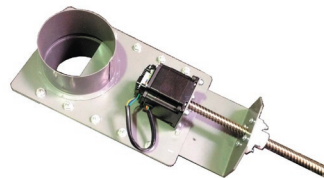

(see CF range brochure for details)

With 18 pleated cartridges you get a large filter area but in a **very** compact footprint.

Combined with clever airflow design the CF18P delivers class leading results.

Great value too!

Choice of compact 'wheelie' or larger Dump Bins with a wide choice of motor/ fan combinations alongside power saving options make your CF18P even more versatile and effective.
