

# CF30P

Large Filter area. 'Reverse Pulse' cleaning  
Very compact. Top Results.

CLEAN-FLOW

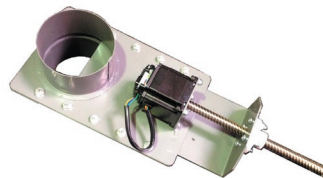

**Micronair**  
DUST CONTROL

The CF30P includes **ALL** the CLEAN-FLOW design features and advantages.  
(see CF range brochure for details)

With 30 pleated cartridges you get a large filter area but in a very compact footprint.  
Combined with clever airflow design the CF30P delivers class leading results.  
Great value too!

*Choice of compact 'wheelie' or larger Dump Bins with a wide choice of motor/ fan combinations alongside power saving options make your CF30P even more versatile and effective.*
