

CF30

'Reverse Pulse' cleaning
Very compact.
Top Results.

CLEAN-FLOW

Micronair
DUST CONTROL

The CF30 includes **ALL** the CLEAN-FLOW design features and advantages.
(see CF range brochure for details)
30 filter socks suit medium/ smaller applications with a very compact footprint.
Combined with clever airflow design the CF30 delivers class leading results.
Great value too!

Choice of compact 'wheelie' or larger Dump Bins with a wide choice of motor/ fan combinations alongside power saving options make your CF30 even more versatile and effective.
